Rick Hansen staff / coaches and their current senior soccer players will be leading a variety of fun and exciting activities for students to learn and develop a number of fundamental movement skills related to soccer. The overarching goal of these programs is to connect with students and their families from our various West Abby feeder schools and get them excited about coming to our school and being a Hurricane Athlete in the near future. RHSS staff/ coaches and players are excited to not only work with these Future Hurricanes on the field but also build a greater sense of community among our family of schools.
